**INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS
TO THE MEMBERS OF M/s. SILVER TOUCH TECHNOLOGIES LIMITED**

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of M/s. Silver Touch Technologies Limited (the "Holding Company") and its Subsidiaries (the "Group"), which comprise the Balance Sheet as at **31st March 2026**, the Statement of consolidated Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the consolidated **financial statements**, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated **financial statements** give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at **31st March 2026**, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have nothing to report in this regard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information, Which comprises the information included in the Board's report including Annexures to Board's report, but does not include the consolidated financial statements and our Responsibilities to report thereon. The Company's Annual Report is expected to be made available to us after the date of this Audit Report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1 Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2 Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3 Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4 Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- 5 Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6 Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) Consolidated Financials have been prepared on the basis of consolidating financials of following five subsidiaries / JVs:

Sr. No.	Name of Subsidiary	Country of Inc	Extent of Holding
1	Silver Touch Technologies (UK) Ltd	UK	100%
2	Silver Touch Technologies Inc.	USA	100%
3	Silver Touch Technologies Canada Limited	Canada	100%
4	Vision Auto Tests Pvt. Ltd. (Formerly known as Shark Identity Pvt Ltd)	India	100%
5	Silvertouch Autotech Private Limited	India	100%
6	AI4PHARMA TECH LIMITED	India	50.09%

We have audited the financial statement of above mentioned Indian subsidiaries whose financial statements reflect total assets of Rs. 645.87 lakhs as at 31st March 2026, total revenues from operations of Rs. 72.34 lakhs for the year ended on that date, as considered in the consolidated financial statements.

Financial Statement of one JV, Lime Software (UK) Ltd has not been considered as details of the same not available with management. Further, in case of another JV, Silver Touch Technologies SAS is in sleeping mode. Therefore, these JVs are not Consolidated.

Financial Statements of Foreign Subsidiaries are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries / JVs, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries / JVs, is based solely on such unaudited financial statements.

Financial Statements of Indian subsidiary, Vision Autotests Private Limited (Previously known as Shark Identity Pvt Ltd) & Silver Touch Autotech Pvt. Ltd., AI4Pharma Tech Limited have been audited by us and are in accordance with the 'Code of Ethic' issued by the Institute of Chartered Accountant and are prepared and presented as per financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- (b) Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management

Report on Other Legal and Regulatory Requirements

As acquired by section 143(3) of the Act, we report that:

- We have obtain all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of aforesaid Consolidated Financial Statements;
- In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- In our opinion, the aforesaid Consolidated financial statements, comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- On the basis of written representations received from the directors of the Holding Company as on 31ST MARCH 2026, and taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31ST MARCH 2026, from being appointed as a director in terms of Section 164(2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - There is no pending litigation that may have impact on its financial statements;
 - The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

- iii There is no amount to be transferred to Investors Education Protection Fund by the Holding Company.
 - iv The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - v The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - vi Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - vii There is no interim dividend declared and paid by the company, during the year in accordance with section 123 of the Companies Act, 2013.
 - viii Based on our examination, which included test checks, the Holding Company and Its Indian Subsidiaries has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software and for direct database changes throughout the year. Further, during the course of performing our procedures, we did not notice any instance of audit trail feature being tampered with in cases where the audit trail feature was enabled or audit trail not preserved by the Company as per the statutory requirements for record retention.
- h. With respect to the matter to be included in the Auditors' Report under section 197(16):
- i. In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

INDEPENDENT AUDITORS' REPORT ON INTERNAL FINANCIAL CONTROL

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

- 1 We have audited the internal financial controls over financial reporting of Silver Touch technologies Limited (Holding Company) and its subsidiary companies, which are incorporated in India, as at 31ST MARCH 2026 in conjunction with our audit of the Balance Sheet, Statement of Profit & loss, Cash Flow statement & notes forming part of financial statement.

Management's Responsibility for Internal Financial Controls

- 2 Management of the Company and its subsidiary companies, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by The Companies Act, 2013 ('the Act').

Auditor's Responsibility

- 3 Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its subsidiary companies, which are incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4 Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5 We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the Company and its subsidiary companies, which are incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

6 Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7 In our opinion and to the best of our information and according to the explanation given to us, the Company and its subsidiary companies, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

CONSOLIDATED AUDITED STATEMENT OF PROFIT & LOSS A/C FOR THE YEAR ENDED ON 31ST MARCH 2026

(Amount in ₹ Lakhs)

Particulars	Note No.	31ST MARCH 2026	31ST MARCH 2025
I. Revenue from operations			
Sales & Operational Revenue	24	34199.35	28838.01
II. Other income	25	361.18	332.69
III. Total Revenue (I + II)		34560.53	29170.71
IV. Expenses:			
Purchases of Stock-in-Trade & Services	26	4708.34	4767.96
Changes in inventories of Stock-in-Trade	27	41.26	(61.56)
Employee benefits expense	28	16361.03	13740.06
Finance costs	29	701.54	387.13
Depreciation and amortization expense	2	855.77	705.03
Operations & Other Expenses	30	7098.82	6639.90
Total expenses		29766.76	26178.51
V. Profit before tax (III - IV)		4793.78	2992.19
VI. Tax expense:	17		
(1) Current tax		1213.58	711.00
(2) Deferred tax		7.02	41.39
(3) Prior Period Tax Adjustment		0.00	20.23
		1220.60	772.62
VII. Profit/(Loss) for the year / Period (V - VI)		3573.17	2219.57
VIII. Other Comprehensive Income			
A. (i) Items that will not be reclassified to profit or loss			
(a) Remeasurement of Defined Benefit Plans		(32.15)	16.44
(b) Equity Instrument through OCI		(21.72)	19.11
(c) Changes in revaluation surplus		0.00	0.00
(ii) Income tax relating to items that will be reclassified to profit or loss			
(a) Remeasurement of Defined Benefit Plans		8.09	(4.14)
(b) Equity Instrument through OCI		5.47	(4.81)
(c) Changes in revaluation surplus		0.00	0.00
B. (i) Items that will be reclassified to profit or loss			
(a) Unrealized Gain loss on a foreign Loan transfer to OCI		0.00	0.00
(b) Exchange differences in translating the financial statements of foreign operations		(89.38)	62.04
(ii) Income tax relating to items that will be reclassified to profit or loss			
(a) Unrealized Gain loss on a foreign Loan transfer to OCI		0.00	0.00
(b) Exchange differences in translating the financial statements of foreign operations		22.50	(15.62)
		(107.20)	73.03
IX. Total Comprehensive Income for the period (VII-VIII)		3680.37	2146.54
X Profit/(Loss) for the year attributable to:			
Shareholders of the Company		3572.80	2219.70
Non-controlling interests		0.38	(0.12)
		3573.17	2219.57
XI Other Comprehensive Income attributable to:			
Shareholders of the Company		107.20	(73.03)
Non-controlling interests		0.00	0.00
		107.20	(73.03)
XII Total Comprehensive Income attributable to			
Shareholders of the Company		3679.99	2146.67

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

Notes forming Part of accounts:

Note 1 SIGNIFICANT ACCOUNTING POLICIES

i) Company Overview:

Silver Touch Technologies Limited ("the company") is a leading and globally accepted IT Solution Provider and currently at the forefront of Digital Transformation & Emerging Technologies to serve the customers across the world.

The solutions company provide cover top to bottom technical needs including IT Consulting, System Integration Services, Software Development, E-Governance Solutions, Mobility Solutions, website development & maintenance etc. and making everything possible for customer with cybernetics.

Silver Touch Technologies Limited ("the company") with its subsidiaries and Joint ventures is hereinafter referred to as "Group".

The Company is a public limited company incorporated and domiciled in India and has its registered office at Silver Touch House, Opp. Suryarath Complex, Nr. White House, Panchavati Circle, Ahmedabad - 380006 Gujarat, India. The company has its listing on NSE BSE platform.

ii) Basis Of Preparation

(a) Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (IndAS compliant Schedule III), as applicable to the Company's financial statements..

These financial statements for the year ended 31st March, 2026 along with its comparatives prepared under Ind-AS. The Accounting policies are applied consistently to all the periods presented in financial statements,

(b) Historical Cost Convention

The financial statements have been prepared under the historical cost convention on accrual basis of accounting except for the following:

(a) Defined Benefit Plans are measured at Fair Value.

(b) Certain Assets and liabilities that are measured at fair value or amortized cost.

(c) Rounding off Amounts

All amounts disclosed in financial statement and notes have been rounded off to the nearest lakhs except when otherwise indicated. The Company's presentation and functional currency is Indian Rupees

iii) Principles of consolidation :

The Consolidated financial Statement comprise the financial statement of the company and entities controlled by the company and its subsidiary, joint venture and Associates as at 31st March 2026.

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. Inter-company balances and transactions and unrealised profits or losses have been fully eliminated.

Financials for following Subsidiaries, joint venture and Associates have been consolidated in attached consolidated financial statements:

Sr. No.	Name of Subsidiary	Country of Inc	Extent of Holding
1	Silver Touch Technologies (UK) Ltd	UK	100%
2	Silver Touch Technologies Inc.	USA	100%
3	Silver Touch Technologies Canada Limited	Canada	100%
4	Vision Auto Tests Pvt. Ltd. (Formerly known as Shark Identity Pvt Ltd)	India	100%
5	Silvertouch Autotech Private Limited	India	100%
6	AI4PHARMA TECH LIMITED	India	50.09%

Consolidation Procedure

- (a) Combine items of assets, liabilities equity, income, expense, and cashflows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statement at the acquisition dates.
- (b) Offset (eliminate) the carrying amount of the parent's investment in such subsidiary and the parent's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expense, and cash flows relating to the transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

iv) Use of Estimates :

The preparation of financial statements in conformity with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between actual and estimates are recognized in the period in which the results are known/materialised.

In the assessment of the Company, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements are in respect of the following:

- Useful lives of property, plant & equipment;
- Valuation of inventories;
- Assets and obligations relating to employee benefits;
- Evaluation of recoverability of deferred tax assets; and
- Provisions and Contingencies
- Recognition of revenue and allocation of transaction price
- Current tax expense and current tax payable

v) Current and non-current classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current when it satisfies any of the following criteria: it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle.

- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

- All other liabilities are classified as non-current.
- Deferred tax assets and liabilities are classified as non-current only

vi) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or,
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

vii) Property, plant and equipment & Depreciation :

Property, plant and equipment are stated at cost, net of recoverable taxes, less accumulated depreciation and impairment losses if any. Such cost included purchase price, borrowing cost and other cost directly attributable to the acquisition of the items. All other repairs and maintenance are charged to the Statement Profit and Loss during the reporting period in which they are incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost and directly attributable cost incurred. Depreciation is not charged until such assets are ready for commercial use.

Depreciation is provided on fixed assets used during the year as per Straight Line Method on the basis of useful life of assets and residual value as specified in schedule II of the Companies Act, 2013 except on few assets, where different life has been estimated by the management where assets are for specific project. Depreciation on additions or sale/discard of asset is being provided on pro-rata basis from the date on which such asset is ready to be put to use to date of sale/discard.

The Company provides depreciation on property, plant and equipment using the Straight Line Method. The rates of depreciation are arrived at, based on useful lives estimated by the management as follows:

Block of assets	Estimated useful life (in years)
Office Buildings	15-60
Office equipment	3-10
Furniture and fixtures	3-15
Computer and peripherals	3-10
Vehicles	5-20

The residual value are not more than 5% of original cost of asset. The Asset residual values and useful life are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

viii) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite. There are no intangible assets assessed with indefinite useful life.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. Gain or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Intangible assets are amortised on straightline basis as follows:

Block of assets	Estimated useful life (in years)
Computer softwares	3-6

ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

- Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

-Debt instrument at fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

- Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value, the Group makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, apart of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows.

(ii) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

-Financial Liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risk are recognised in OCI. These gains / loss are not subsequently transferred to statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

- Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

- Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iv) Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(v) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

x) Compound financial instruments

Compound Financial instruments are separated into liability and equity components based on the terms of the contract. On issuance of the compound financial instruments, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent years.

Transaction Costs are apportioned between the liability and equity components of the compound financial instruments based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

xi) Segment Reporting

The company's Business Segment is 'Computers & IT Services' and it has no other primary reportable segments. Geographical revenues are segregated based on the location of the customer who is invoiced or in relation to which the revenue is otherwise recognized. Customer relationships are driven based on the location of the respective clients. Company's business activities outside India are spread mainly in United Kingdom, USA, Canada & France. Hence, there are two reportable segment of company viz., Domestic & Exports.

xii) Investment in subsidiaries, associates, and joint venture

The Company has accounted for its investment in subsidiaries or associates or joint venture at cost less impairment. The Company assesses investments in subsidiaries, associates and joint venture for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the investment in subsidiary, associate or joint venture. The recoverable amount of such investment is the higher of its fair value less cost of disposal (FVLCD) and its value-in-use (VIU). The VIU of the investment is calculated using projected future cash flows. If the recoverable amount of the investment is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

Investment in a subsidiary or an associate or a joint venture acquired in stages are accounted after re-measuring the equity interest held up to the date on which control or significant influence was first achieved, at its fair value on date of obtaining control or significant influence.

xiii) Inventories :

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing the inventory to its present location and condition are included in the cost of inventories.

Hardware and Supplies

Carried at lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

xiv) Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

xv) Cashflows

Cash Flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

xvi) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred and are recognised in the statement of profit and loss.

xvii) Employee benefits

(a) Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. These liabilities are presented as current liabilities in the balance sheet.

(b) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(c) Post-employment obligations

The Company operates the following postemployment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund, employees state insurance taxes.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than the functional currency, the cash flows are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in OCI. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plans

The Company pays provident fund and employees state insurance contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(d) Share-based payments Employee Benefits in Foreign Branch

In respect of employees in foreign branch, necessary provisions are made based on the applicable local laws. Gratuity and leave encashment / entitlement as applicable for employees in foreign branch are provided on the basis of actuarial valuation and based on estimates.

(e) Share-based payments

Share-based compensation benefits are provided to employees via the Employee Option Plan.

Employee option Plan

The fair value of options granted under the Employee Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions
- excluding the impact of any service and nonmarket performance vesting conditions, and
- including the impact of any non-vesting conditions.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity.

xviii) Investments :

Investments are classified as Current Investments and non-current Investments. The investments that are readily realizable and intended to be held for not more than a year are classified as current investments. Current Investments are stated at lower of cost and net realizable value. A provision for diminution is made to recognize a decline, other than temporary, in the value of Non-current Investments.

xix) Revenue Recognition :

Sale of Services:

The Company uses the percentage-of-completion method in accounting for its fixed-price contracts. The use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Sale of Goods:

Revenue is measured at the fair value of the consideration received or receivable. The Company recognises revenues on sale of products, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties when the products are delivered to customer or when delivered to a carrier for export sale, which is when title and risk and rewards of ownership pass to the customer. Export incentives are recognised as income as per the terms of the scheme in respect of the exports made and included as part of export turnover.

Dividend and Interest Income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

xx) Impairment of Assets :**(i) Financial assets (other than at fair value)**

The Company assesses at each date of Balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk of the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets***Tangible and intangible assets***

Property, plant and equipment and intangible assets within finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

xxi) Earning per Share :**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

xxii) Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value unless the effect of time value of money is material and are determined based on best estimate required to settle the obligation at the Balance sheet date. These are reviewed at each Balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities and Assets are not recognised in the financial statements.

xxiii) Foreign Currency Transactions :**(i) Functional and presentation currency**

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (₹), which is entity's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

xxiv) Income taxes

(i) Current income taxes

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Advance taxes and provisions for current income taxes are presented in the Balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

(ii) Deferred income taxes

Deferred income tax is recognised using the Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be Utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future economic tax liability. Accordingly, MAT is recognised as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

The Group recognises interest levied and penalties related to income tax assessments in finance costs.

xxv) Recent accounting pronouncements:

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies

(Indian Accounting Standards) Rules as issued from time to time. On September 30, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below :

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements. Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption

of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements. Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

All the title deeds with respect to Immovable Properties are held in the name of the company.

Impairment of Fixed Assets

In accordance with the Accounting Standard (AS-28) on 'Impairment of Assets' notified by Companies (Accounting Standards) Rules, 2006, the company has reassessed its fixed assets and is of the view that no further impairment/reversal is considered to be necessary in view of its expected realizable value.

Revaluation Of Fixed Assets:

The company has not revalued any Property, Plant and Equipment during current year.

As per provision of Schedule II of Companies Act, 2013 depreciation is charged on revalued amount in case of above fixed assets which were revalued in past and same is charged against Current Period's profit. Upto FY 2013-14, depreciation on revaluation amount is charged against revaluation reserve and depreciation on historical cost is charged against profit for the Year under review.

Retained Earnings	13906.63	10397.24
Debit balance of statement of profit or loss		
Total	14427.25	12102.67

Nature and purpose of reserves**(ii) Securities premium**

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

(ii) Retained earnings

The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

(iii) General Reserve

General reserve is referred to as the reserve fund that is created by keeping aside a part of profit earned by the business during the course of an accounting period for fulfilling various business needs like meeting contingencies, offsetting future losses, enhancing the working capital, paying dividends to the shareholders, etc.

(iv) Other Comprehensive income

a) The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in equity instruments through Other Comprehensive Income.

b) The remeasurement gain/(loss) on net defined benefit plans is recognised in Other Comprehensive Income net of tax.

W.R. x 90%	624.65	546.38
(% Change)	0.50%	0.82%

(vi) A Description of any Asset-Liability Matching Strategies

i) It was informed by the company that Gratuity Benefits liabilities of the company are Unfunded

ii) There are no minimum funding requirements for a Gratuity Benefits plan and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

Since the liabilities are unfunded, there is no Asset-Liability Matching strategy device for the plan resulting into non existence of Plan Assets .

Defined Benefits plan for Leave Encashment

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

Note 44 : Leases

(Amount in ₹ Lakhs)

(i) Amounts recognised in the Balance Sheet

The following shows the changes to carrying value relating to right-to-use assets:

Particulars	2025-26	2024-25
Opening balance of Right-of-use assets	481.76	0.00
Add: Additions during the year	1276.02	490.15
Less: Deletion during the year	0.00	0.00
Less: Depreciation during the year	(86.44)	(8.39)
Add/Less: Adjustment of exchange fluctuations (FCTR)	0.00	0.00
Closing balance of Right-of-use assets	1671.34	481.76

The following shows the movement to lease liabilities during the year:

Particulars	2025-26	2024-25
Opening balance of Lease Liabilities	395.10	0.00
Add: New Lease arrangements	1276.02	395.10
Less: Deletion	0.00	0.00
Add/Less: Adjustment of exchange fluctuations (FCTR)	0.00	0.00
Add: Finance cost accrued	118.87	0.00
Less: Payment of Lease liabilities	(195.25)	0.00
Closing balance of Lease Liabilities	1594.75	395.10

The following is the break up of current and non-current lease liabilities:

Particulars	2025-26	2024-25
Current	136.84	20.05
Non-current	1457.91	375.05
Total	1594.75	395.10

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particulars	2025-26	2024-25
Less than one year	105.86	0.00
One to five years	911.10	0.00
More than five years	577.78	0.00
Total	1594.75	0.00

(ii) Amounts recognised in the statement of profit or loss

The statement of profit or loss shows the following amounts relating to leases for the FY 2025-26:

Particulars	2025-26	2024-25
Depreciation charge on right-of-use assets	86.44	8.39
Interest expense (included in finance cost)	118.87	0.00
Expense relating to short-term leases (included administrative expenses)	0.00	0.00
Expense relating to leases of low-value assets that are not shown above as short-term leases (included in administrative expenses)	0.00	0.00
Expense relating to variable lease payments not included in lease liabilities (included in administrative expenses)	0.00	0.00
Rent concession	0.00	0.00

Note 45 Financial instruments**1 Capital management**

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt and total equity of the Company.

1.1 Gearing ratio

The gearing ratio at the end of the reporting period was as follows.

(Amount in ₹ Lakhs)

Particulars	As at 31/03/2026	As at 31/03/2025
Debt	3300.52	4348.30
Cash and bank balances	1239.17	1744.02
Net debt	2061.35	2604.29
Total equity	16963.45	13370.77
Net debt to equity ratio	0.122	0.195

(i) Debt is defined as long-term and short term borrowing

2 Categories of financial instruments

Total Financial Liabilities	10518.97	10518.97	10293.42	10293.42

For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

3 Financial risk management objectives

The Company's Corporate finance department provides services to business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

4 Market risk

The Company's activities expose it primarily to the financial risks of changes in interest rates due to variable interest loans. The Company does not enter into derivative contracts to manage risks related to anticipated sales and purchases.

5 Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilizing forward foreign exchange contracts and currency options taken at the time of initiation of the booking by the management. Such decision is taken after considering the factors such as upside potential, cost of structure and the downside risks etc. Quarterly reports are submitted to Management Committee on the covered and open positions and MTM valuation.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

There are no such transactions during the reporting period

5.1 Foreign currency sensitivity analysis

The Company is not materially exposed to USD and EURO currency.

6 Interest rate risk management

The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The Company has exposure to interest rate risk, arising principally on changes in interest rates. The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like long term and short term loans. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The table in 6.1 provides a break-up of the Company's fixed and floating rate borrowings:

6.1 Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The following table provides a break-up of the Company's fixed and floating rate borrowings and interest rate sensitivity analysis.

(Amount in ₹ Lakhs)				
Particulars	As at 31/03/2026		As at 31/03/2025	
	Gross amount	Interest rate sensitivity @0.50%	Gross amount	Interest rate sensitivity @0.50%
Fixed Loan	70.92	NA	80.47	NA
Variable Loan	3204.20	16.02	4261.55	21.31
Total	3275.12	16.02	4261.55	21.31

7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to the above mentioned company did not exceed 10% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

7.1 Collateral held as security and other credit enhancements

The Company does not hold any collateral or other credit enhancements to cover its credit risk associated with its financial assets.

8 Liquidity risk management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

9 Disclosure as per Ind AS 113 - Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques.

The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1- Level 1 hierarchy includes financial instruments measured using quoted prices. This Includes listed equity instruments that have quoted price. Listed and actively traded equity instruments are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE).

Level 2- The fair value of financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of the financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

Valuation Techniques used to determine fair values:

A) Specific valuation technique is used to determine the fair value of the financial instruments which include:

i) For financial instruments other than (ii):- In accordance with generally accepted pricing models based on Net Asset Value analysis using prices from observable market transactions and dealer quotes of similar instruments.

ii) For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods and its non-derivative financial assets. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

- Note 54** Ratios are disclosed in next page:

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

Note 54 Following ratios are hereby disclosed:

Sr. No	Particulars	(Amount in ₹ Lakhs)		2025-26	2024-25	2025-26	2024-25	% Change	Reason for deviation by more than 25%
		2025-26	2024-25						
(a)	Current Ratio, Current Assets / Current Liabilities	19476.48 9521.08	16424.82 8675.80	2.05	1.89	8.05			Not Applicable
(b)	Debt-Equity Ratio, Non Current Borrowing + Current Borrowing / Shareholder Equity	3300.52 16963.45	4348.30 13370.77	0.19	0.33	-40.17			During the year, the Company significantly strengthened its equity base through improved retained earnings and profit accretion, while simultaneously reducing its outstanding borrowings through timely repayments. This dual effect of equity expansion and debt reduction has led to a healthier and more conservative capital structure, reflecting the Company's improved financial discipline and reduced dependence on external debt
(c)	Debt Service Coverage Ratio, Profit before Tax + Interest on Term Loan & Debentures+Non-cash operating expenses / Interest on Term Loan & Debentures + Principal Repayments made during the period for long term Loans.	6351.08 1749.32	4084.35 387.13	3.63	10.55	-65.59			The significant change in DSCR is primarily attributable to a substantial increase in principal repayments made during the year towards long term borrowings. The underlying business operations remain stable and the Company expects normalisation of the ratio in the coming periods as debt obligations reduce.
(d)	Net profit ratio, (Profit After Tax/Sales)*100	3680.37 34199.35	2146.54 28838.01	0.11	0.07	44.58			Enhanced revenue generation, better cost management, and improved operating efficiencies have contributed to robust bottom-line growth.
(e)	Inventory turnover ratio, Cost of goods sold /Average Inventories	24961.16 107.80	22414.65 97.66	231.54	229.52	0.88			Not Applicable
(f)	Trade Receivables turnover ratio, Net Credit Sales/Average Trade Receivable	34199.35 10027.69	28838.01 7955.22	3.41	3.63	-5.92			Not Applicable
(g)	Trade payables turnover ratio, Net Credit Purchase/Average Trade Payables	4708.34 2049.79	4767.96 1875.12	2.30	2.54	-9.67			Not Applicable
(h)	Net capital turnover ratio, Sales/Average Working Capital	34199.35 4977.70	28838.01 3874.51	6.87	7.44	-7.69			Not Applicable
(i)	Return on Equity Ratio, (PAT/Avg. Eq.Shareholders Fund)*100	3680.37 15167.11	2146.54 12329.14	0.24	0.17	39.37			Enhanced revenue generation, better cost management, and improved operating efficiencies have contributed to robust bottom-line growth, thereby delivering superior returns to shareholders
(j)	Return on Capital employed, Operating Profits(EBIT)/Capital Employed(Net Assets)*100	5495.31 19616.96	3379.32 17351.24	0.28	0.19	43.83			The notable improvement in Return on Capital Employed is a result of significant growth in operating profits (EBIT) driven by higher revenues, improved margins, and efficient deployment of capital resources. The Company's capital employed grew at a measured pace, while operating profitability expanded at a much faster rate

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2025-26)

- Note 55 The company has not undergone through any Scheme of Arrangements that has been approved by the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013
- Note 56 There are no transactions which are not recorded in the books of accounts and that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961)
